INSTRUCTION SHEET FOR THE EXTERMINATION OF ANTS

1. Tenants must vacate the home / apartment for a minimum of six (6) hours; anyone suffering from asthma or respiratory problems – eight (8) hours; anyone with a heart condition, who is pregnant or a young infant must be out of the house / unit for twenty-four (24) hours.
2. Pets must be out of the home / apartment for six (6) hours. Fish tanks should be covered if it is impossible to remove them.
3. Give as much free floor space as possible, including closet floors. If ants are in the cupboards, then the cupboards must be emptied. Contents may be placed on the kitchen table, covered with a sheet. The entire home must be treated, including the basement.
4. Shelves should be washed BEFORE the spraying. Wipe only with a DRY cloth after completion. Put down new shelf paper, if desired.
5. Evidence of ants may be possible for a period of 14 to 21 days. If after 21 days the problem still persists, please call our office.
6. Failure to comply with these instructions will diminish its effectiveness.

I have read the above instructions and have followed them to the best of my ability. I consent to have Wagar's Pest Control Ltd. perform the extermination.

(Signature of Tenant / Owner)
